

Cove ABA
simple. effective. unique.

FOR REFERRING PROVIDERS

IN-HOME ABA · QUEENS · MANHATTAN · THE BRONX · NASSAU COUNTY · SOUTHERN WESTCHESTER

Refer your families to care that actually shows up.

Cove ABA is a boutique, in-home ABA practice led by a Board Certified Behavior Analyst. We keep caseloads small on purpose, so the children you refer get steady, one-on-one attention from someone genuinely invested, not a rotating cast from a big agency.

WHO'S A GOOD FIT TO REFER

- ✓ Children on the spectrum, from early intervention through school age
- ✓ Families better served by therapy at home than in a clinic
- ✓ Parents who want hands-on coaching, not just sessions
- ✓ Anyone stuck waiting elsewhere, and we keep room open

WHAT MAKES COVE DIFFERENT

-  **Small on purpose.** Limited caseloads, real relationships.
-  **An active BCBA.** Present and involved, never stretched thin.
-  **In your community.** Locally run. We live and work nearby.
-  **Beyond the session.** Parent coaching, and reachable anytime.
